SCOPE OF WORK

Quality of Water

1. Water shall be free from bacteria and injurious amount of materials such as oils, acids, alkali, salts, etc.
2. Water should be fit for human drinking.
3. The sources of water supply should be approved by the Engineer beforehand.
4. Water will be sent for chemical or bacteriological tests to Medical Supdt. or to laboratory, as and when required by the In-charge by taking sample (as per standard procedure) in presence of contractor or his representative, at the cost of contractor.
5. The supplied water shall be free from any complaints.

Quantity

1. Contractor shall supply water in Tanker on daily basis regularly as directed by the Designated Officer at NIFT campuses (Both Main building and Girls Hostel campus) during Office hours.

Payment

1. The capacity of the tanker shall be intimated in advance by the Contractor and will be get checked from representative of NIFT. Tankers will be numbered; size and capacity will be indicated on each.
2. The challans prepared by the Contractor for supply of water will be acknowledged by the representative of NIFT deputed on each location on printed Proforma given by NIFT for this purpose shall be supplied by contractor at his cost.
3. Payment will be made as per actual supply of water (reading obtained from the water meter supplied by the vendor at both locations (Main campus and Girls Hostel)) through tankers and on production of proof of supply (meter reading).
4. The In-charge will maintain a regular record showing dates and quantity supplied. Contractor or his representative shall also witness this.
5. The contractor shall be responsible for bringing potable water through Kutcha or pucca routes. Nothing extra will be paid for crossing of nallah, bridges, tracks, etc. and other eventuality.
6. The contractor shall not sub-let the contract either whole or part of it to any other person/firm.
7. The contractor shall obtain the necessary license to supply the water from the concerned authorities of the Government.

I accept the above conditions

(Full signature of the contractor with seal)

8. The contractor shall maintain the quality and quantity of water agreed throughout the contract period as per Work Order. If any deviation is found, the contract will be terminated at any time by forfeiting the security deposit.
9. If any damage is caused by the contractor to NIFT building or any other damage noticed during the movement of water lorry or otherwise should be made good by the contractor, or the expenditure incurred in this connection will be deducted from the payment of water bills.
10. The contractor should produce smoke emission control certificate for the water lorry which supplies water to this campus from time to time.
11. The payment for the bills for the supply of water will be made once in a Month upon production of proof of delivery of water as per meter reading.
12. The Director, NIFT, Chennai reserves the right to terminate the contract at any time without assigning any reason for doing so.

Period

1. The contract period is initially for one year and it may be extended up to 2 years depending upon performance of the contractor and on the same quoted rates. The contract is liable for cancellation, if any complaints received on quality and quantity of water.

I hereby agree to abide by the above conditions.
