### **Name<sup>1</sup>, Name<sup>2</sup> and Name<sup>3</sup> (11 pt, bold)**

<sup>1</sup>University name, Faculty, Department/Laboratory, Complete address, Country

<sup>2</sup>Company name, Complete address, Country

<sup>3</sup>Organisation name, Complete address, Country

E-mail of the Presenting Author

An abstract (300 words) must be submitted for oral and poster presentations. The authors are encouraged to prepare high-quality text in terms of spelling, grammar, syntax, scientific facts, accuracy, layouts etc. Each abstract will be reviewed by the Scientific Committee and selected for oral or poster presentations. The abstract must be written in English. The length of the abstract should be up to two pages. The general layout rules are:

- 12 point Times New Roman, set to single-line spacing.
- Paragraphs should be justified.
- The first paragraph after a section or subsection heading should not be indented; subsequent paragraphs should be indented by 5 mm.
- Page setup: A4 only, Margins Top 4,0 cm, Bottom 2,7 cm, Left 2,5 cm, Right 2,5 cm, Gutter 0 cm, Header 0 cm, Footer 0 cm.

### **Title of the abstract**

The title is set 17 point Times bold, flush left, unjustified. The first letter of the title should be capitalized with the rest in lower case. It should not be indented. Leave 28 mm of space above the title and 10 mm after the title.

### **Author names and affiliations**

The list of authors should be indented 25 mm. The style for the names is initials then surname, with a comma after all but the last two names, which are separated by 'and'. The list of the authors is in bold characters. Initials should not have full stops. The name of the presenting author must be underlined. Please ensure that affiliations are as full and complete as possible and include the country. The addresses of the authors' affiliations follow the list of authors and should also be indented 25 mm.

### **Abstract content**

The abstract must describe the research problem and the aim of the research. Also, it must contain in short, a description of the materials and methods as well as the results and the related discussion. Conclusions and indicative literature will be in the last part of the abstract.

The corresponding author data must be written at the end of the abstract
