

FASHION ACCESSORIES

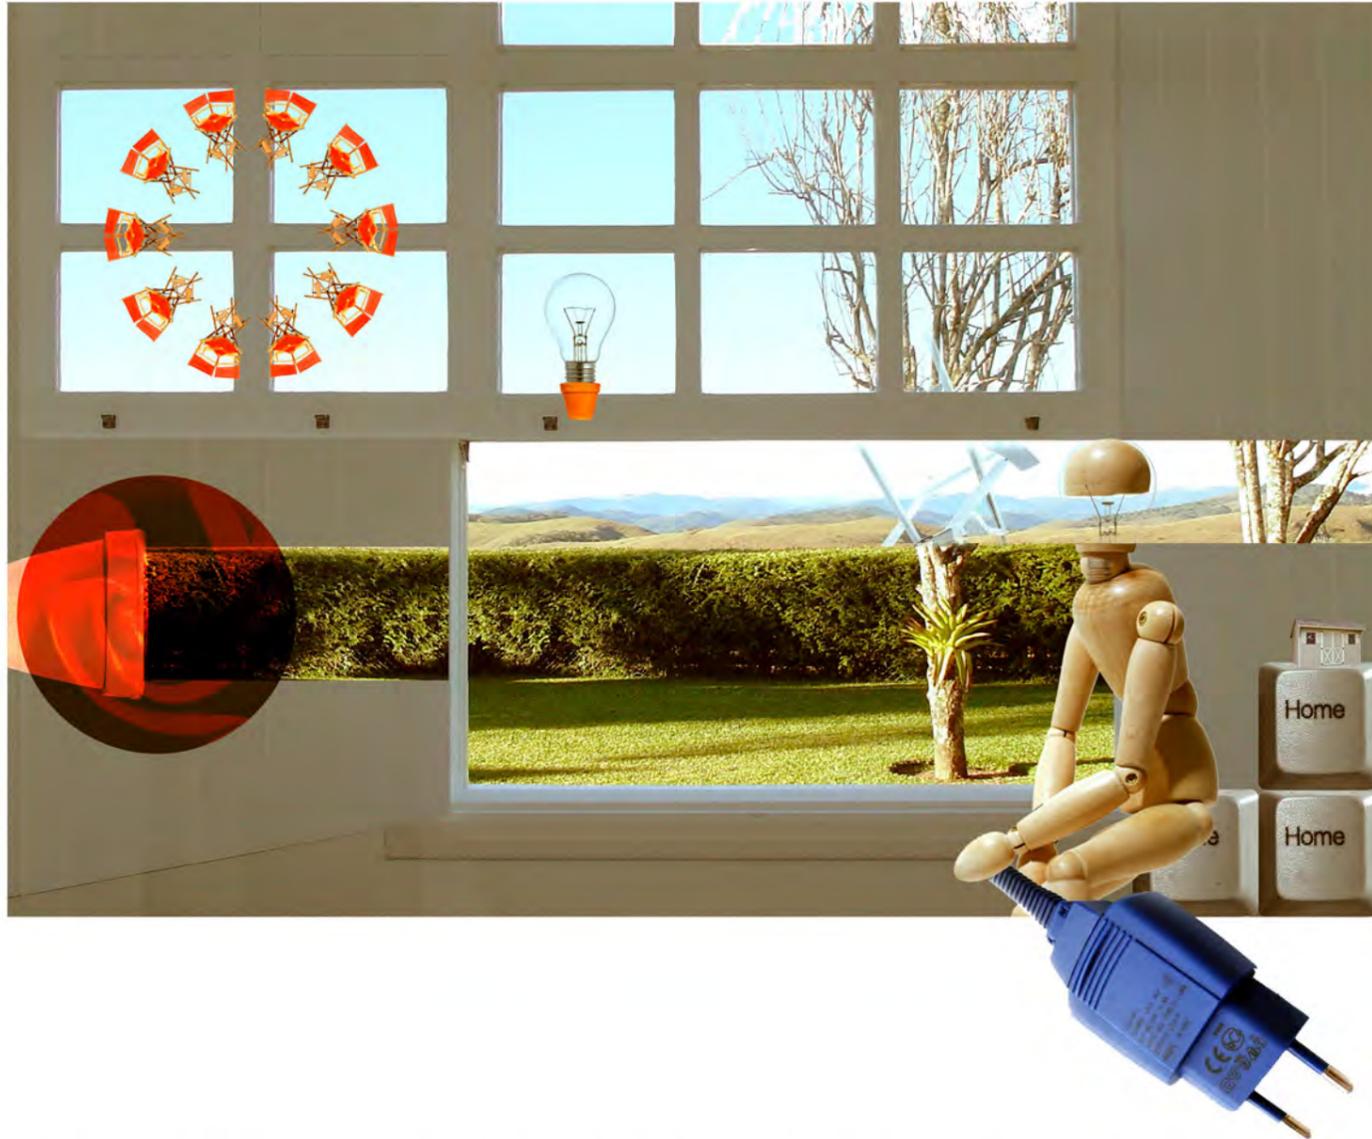

Ignite the
Chain Reaction

Accessories are an individual's self-expression, the stream of fashion accessories focuses on decoding of people's aspiration and encoding it into a tangible form.

The stream explores the nuances of Accessory Design and creates an opportunity for the students to co-relate the product and process within a context. Tools like Brainstorming, Sketching and creative ways of curiously developing the thought process will be explored.

HOME ACCESSORIES

Experience the
Unplugged

The course creates avenues for students to explore the co-relations between form and space with reference to the lifestyle and living spaces.

Living spaces and Lifestyle products are extension to individual personalities. The stream explores the possibilities of innovation w.r.t. to mixed media materials, techniques, changing aesthetics and new era applications.

The course is about mapping the lifestyle trends and plugging the gaps with tangible solutions.
